WILL GIVE A BANK ACCOUNT TO THE PRIZE BABY

Board of Managers of Woman's Club Gives Enthusiastic Approval to Better Babies Show at State Fair.

CASH WILL TAKE PLACE OF THE LOVING CUP

At a well attended meeting of the board of managers of the Albuquerque Woman's club held last night in the club building, enthusiastic approval was given to the state fair Better Babies show and the board voted unanimously to give, instead of the silver loving cup first proposed, a bank account of \$25 to the champion baby of all divisions of the fair show. Mrs. John W. Wilson, who is superintendent of the baby show, was assured of the backing of the club in making this alternative feature of the fair a complete success. The object of the better babies contest, to encourage the better babies movement, was approved.

Following the meeting the board adjourned to the Commercial club for the meeting with President Cushman and delegations from the Parent-Teachers' association and the Tuesday Litteracy club, where plans were made for promoting a cleaner and greater Albuquerque.

ELFEGO BACA GIVES SILVER TROPHIES FOR BEST TWINS

Elfego Baca has donated two silver cups to be offered for the best twins in the Better Babies contest at the State fair. That gift completes the list of special prizes, as far as the judges go. Other specials may be offered, but with Mr. Baca's donations trophies have been provided for the winners in every division.

The Women's club, which originated the idea of the contest, and Secretary Blunt of the fair association have been promised several handsome prizes for the contest.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. "Burdock Root Bitters as a cleansing blood tonic, is well recommended. \$1.25 at all stores.

THE OPEN DOOR

Of one of our ovens emits a fragrance that is most appetizing to the hungry. It is the sweet odor of good bread, positively pure and decidedly wholesome. 2ND AND COPPER

ALBUQUERQUE HAS UNTIL JULY 13 TO BUY MESA PARK TRACT

Commercial Club President Makes Public Letter from Register of Land Office Throwing Light on Situation.

BUSINESS MEN READY TO LEND CITY THEIR CREDIT

Commercial Club Committed in Curious Position of Having Thanked Council for Action it Didn't Take.

That the Commercial club has not been idle while the city council has been deferring action on the purchase of the mesa park tract of 640 acres, was made evident today when President C. O. Cushman made public correspondence with Register Francisco Delgado of the Santa Fe office which throws some interesting light on the status of the tract offered to the city practically free by the government, and which the council shows a disposition not to accept.

Mr. Delgado's letter shows that the city has until July 13 to close the deal with the government by the payment of \$800. It shows also that every former city council which has deferred action on this purchase, has given the government to understand that the city fully intended to complete the purchase, merely deferring payment of the \$800 because of lack of funds. This is the first council of several which have handled the matter which has definitely refused to pay the money.

The Commercial club officers, through a committee consisting of Mr. Cushman, G. L. Brooks and D. K. Sellers, are in the position of having thanked the city council for taking action which it did not take. The committee after presenting its case, thought the council by its resolution had voted to pay the \$800. The leaving out of the words "and draw a warrant for same" deceived the committee and the public, as to the definiteness of the council's action. It is now said this omission was not intentional.

"We merely want to show where the business men of Albuquerque stand on this matter, to go ahead and make some kind of action by the city government more necessary than seems to be," said Mr. Cushman this afternoon. "I have talked personally with a number of men today who would be willing to lend their credit to the city to the extent of \$100 in order not to let this tract slip out of our hands. So the excuse of lack of funds is not sufficient to prevent action by the committee."

"From the expressions I have heard the majority of business men want this tract bought and will condone any action that will permit it to slip through our hands."

The letter from Mr. Delgado follows:

Department of the Interior, United States Land Office, Santa Fe, N. M., July 4, 1914.

"City of Albuquerque, 8½ Section 17, and the N½ section 29, Township 16 North, Range 4 East.

The President, Commercial Club, Albuquerque, N. M.

"Sir—Referring to our telephone conversation of the 3rd, you are advised that the general land office, by letter of May 1, 1914, advised this office as follows:

"In response to the letter of the register of your office, dated April 3, 1914, you are advised that under the act of June 2, 1908 (24 Stat. 225), the City of Albuquerque, N. M., was authorized to purchase the 8½ section 17, and the N½ section 29, Township 16 North, Range 4 East, New Mexico principal meridian, containing 640 acres, said land to be used for a park and other public purposes "and the patent to contain the provision that the land shall revert to the United States whenever it shall be used for the purposes mentioned in this act."

"September 28, 1908, the city attorney of Albuquerque was advised to make a formal application to the local officers for each entry of the land under said act, furnishing due proof of the incorporation of said city and tendering the payment of the purchase price. April 28, 1908, you were directed to call on the corporate authorities for a statement of their purpose relative to acquiring title to the land under said act. August 7, 1908, the mayor of said city advised you that the matter had been taken up for consideration by the city council at its regular meeting and he was directed by said council to advise you that the city desires to comply with the terms of the act and to acquire title to the land, "but has not been able to do so an amount of shortage of funds and to also ask the department to kindly give us a further extension on this account." You transmitted the mayor's letter to this office, since which time no further action has been taken in the matter.

"You will therefore notify the corporate authorities of said city that they are hereby allowed 60 days from such notice within which to file their application for said land under the act, failing in which the matter will be presented to the secretary of the interior with a view to submitting the matter to congress for the repeal of said act."

"In order for the City of Albuquerque, N. M., to acquire title to the land in question, it will be necessary

Greatest of All Human Blessings

(Illustration of a woman holding a child.)

The most wonderful thing in the world is love expressed in the helpless infant. And among these aids and comforts for expectant mothers is the well known "Mother's Friend."

This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without strain upon the strain upon cords and ligaments.

In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to bear of its splendid assistance.

It is an external application to enable the abdominal muscles to become more pliant, to expand naturally without strain upon the strain upon cords and ligaments.

Anything that adds so much comfort must be counted as a blessing indeed.

In a little book entitled "Mother's Friend" valuable information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid caking breasts.

Get a bottle to-day and write for book to Standard Register Co., 409 Lamar Blvd., Atlanta, Ga. Be sure you get "Mother's Friend."

To file a formal application executed by the corporate authorities of the said city, and submit therewith a certificate from the secretary of state, under the seal of his office, setting forth the fact that the said city is duly incorporated under the laws of New Mexico, and the purchase price which is on the basis of \$1.25 per acre. While the sixty day period is up on July 5, 1914, no action will be taken by this office until five days thereafter, when the matter will be reported to the general land office for appropriate action.

"Very respectfully,

"FRANCISCO DELGADO,
"Register."

WARRANT WILL

(Continued from Page One.)

it can be discovered. But the majority of these crimes are never brought to light, because the ones that are the closest to them do not take any interest after the death. The assassin remains planning his way to cover his crime, some paying homage to those that they think know something or some day may discover the assassin, some paying homage to the judges that some day may try the case against them, and trying to keep the district attorney at his neck and call, so that the crime may elapse the limitation; and the authorities should take active part to investigate the crimes. In many cases it has been found that a person has died and not even a coroner's jury has been empaneled to see whether the death was natural or of some other nature."

It is alleged by friends of Ed Otero, the complainant in the libel action, that Baca has sought Otero's support in his campaign for the Republican nomination for congress and that it had been refused.

Baca, in his formal statement issued today, declares that at the time of Mr. Luna's death he insisted in his newspaper that the New Mexico leader had been murdered.

People who have missed hose may find their property in the pile at headquarters. Hose will be returned to those properly identifying it.

Two more sections of garden hose were added yesterday afternoon to the hundreds of feet recovered by the police as a result of the confession made by Clarence Wells. Wells was arrested last Friday on suspicion. Since then the police have been getting back stolen hose almost daily. There is enough hose at headquarters now to stock a wholesale house.

People who have missed hose may find their property in the pile at headquarters. Hose will be returned to those properly identifying it.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Backache or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels: removing all the acids waste and poison, else you feel a dull ache in the back of sick headache, dizziness, sour stomach, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's uric waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grape and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

MEMBERSHIP CAMPAIGN CLEAN-UP TOMORROW

The "clean-up" committee which is to flush the Commercial club's membership campaign will meet at the club tomorrow morning at 9:30 o'clock. Chairman E. L. Grose will give out lists of men whom the district committeemen could not find, and the clean-up committeemen will go out to sign every possible prospect.
